mikiyas.me/Resume

Berlin, Germany

EXPERIENCE

- Web Development Frameworks:
 - Django
 - Flask
 - Express
- Database Management Systems:
 - MySQL
 - MongoDB
- Git and Technical Documentation
- Object-Oriented Programming
- Data Structures and Algorithms
- Software Engineering Principles
- Software Design and Architecture
- Android Development
- Networking
- Cybersecurity and Cryptography
- Operating system (OS)

EDUCATION

2023 - Present

Studying my bachelor's degree in Software Engineering at [CODE University](#).

2019 - 2020

Software Engineering, [Mekelle University](#), Department of Software Engineering (First year courses completed)

2015 - 2019

High school, Gibson school system in Addis Ababa, Ethiopia.

LANGUAGES

English

German

Amharic

Tigrigna

PROFILE

Enthusiastic software engineering student at CODE University, adept at transforming challenges into opportunities for personal and professional growth. Possessing a solid foundation in programming and hands-on experience, I bring a versatile skill set to the table. My career objective is to leverage technical expertise for crafting cutting-edge software solutions. Eager to apply problem-solving abilities and creativity cultivated through academic studies and personal projects, I am committed to continuous learning. Excited about collaborating on impactful outcomes, I aspire to bring innovation, dedication, and a solutions-oriented mindset to the dynamic and ever-evolving field of software engineering.

SKILLS

Python	
Java	
HTML & CSS	
SQL	
JavaScript	
Django	
React	
Figma & Miro	

NON TECHNICAL PROFICIENCIES

- Problem-Solving, Collaboration, Communication, Analytical Thinking, Self-starter, Adaptability, Teamwork, Time Management, Attention to Detail, Creativity, Continuous Learning, Emotional Intelligence, and Organization and Planning.

STRENGTHS

- Oral and Written Communication
- Reliable and Consistent
- Committed to Lifelong Learning
- Team Building

WORK EXPERIENCE

Dream Tech

Junior Full Stack Developer

2020-2022

- Designing, developing, and maintaining robust web applications.
- Ensuring seamless integration of user-facing elements with server-side logic
- Worked in high-speed, agile environment with weekly sprints and stand-ups .
- Assisted in debugging issues with released projects

To Whom it May Concern

I am writing to recommend Mikiyas Gebrehaweriya, a student at the Ethiopian Institute of Technology, Mekelle (EITM), Mekelle University. He was enrolled in the Software Engineering program from September 2019 until November 2020 and has completed his first-year courses in Software Engineering. However, Mikiyas was forced to stop his studies, since the University has been forced to cease its academic programs due to the war in Tigray for the last two years. Mikiyas was a dedicated and hardworking student. He demonstrated an excellent academic performance and showed a great deal of enthusiasm for software engineering. He was always eager to learn and has been actively participated in class discussions and group projects. In addition to his academic achievements, Mikiyas was a responsible and reliable team player. He consistently demonstrated strong leadership skills and excellent communication skills, which made him a valuable member of our student community. If given the opportunity, I believe Mikiyas would be an excellent addition to any academic program, and I strongly recommend him for your consideration.

Please note that all academic programs in the university in general and software engineering in particular are given in English. Please do not hesitate to contact us in case you require information.

Sincerely, 

ካናቸን ገይሁኒየም (A/C)
